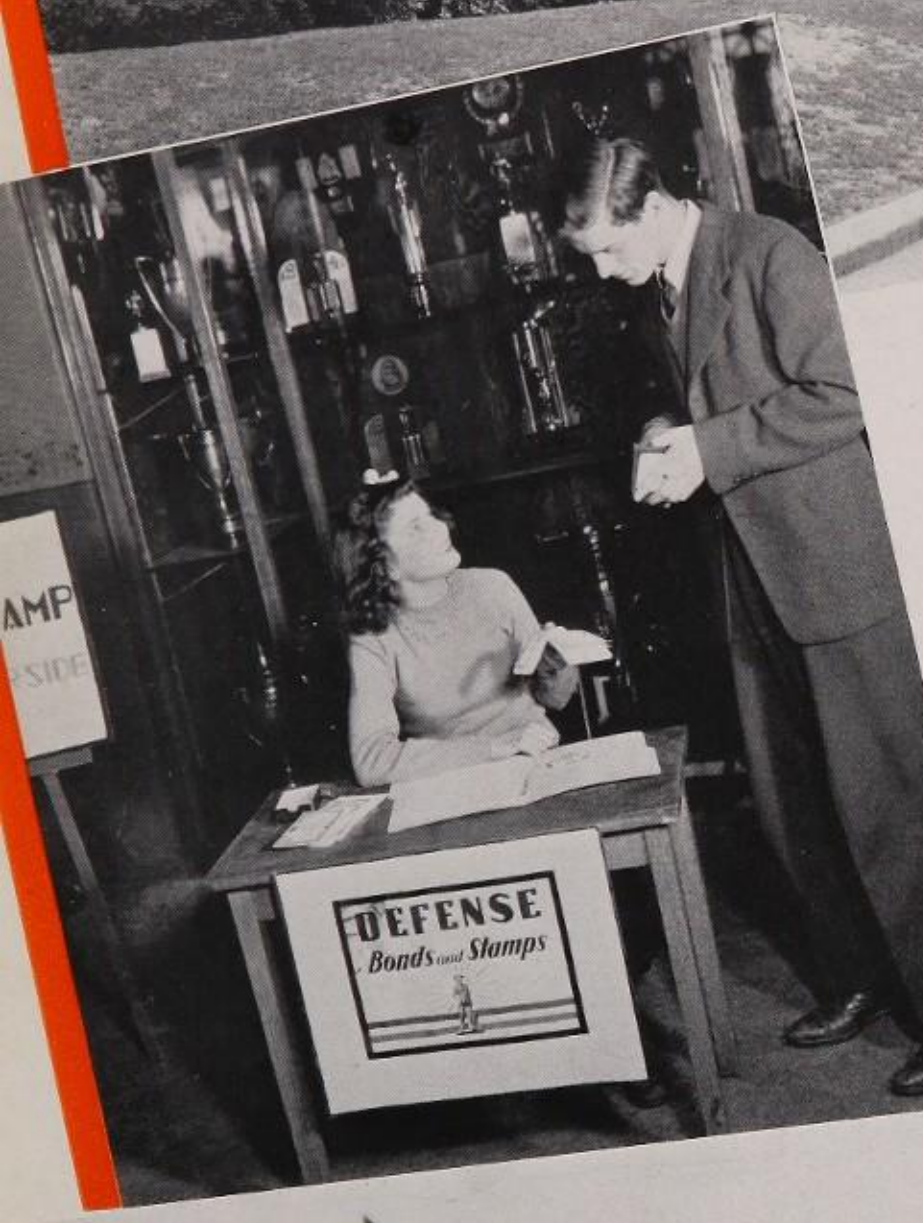
In the Fall, School Began As Usual

Little did we realize that before spring we would practice blackouts and air raid drills.



With Winter Came War

Suddenly our usual activities acquired new significance and we assumed added responsibilities.

In the Spring, With the Graduates We Faced the Future Confidently,

Believing in the power of our nation to win this struggle for existence and to stride ahead to greater achievements in human happiness.

It's up to you –

"The torch of liberty is still held high and burns fiercely over America. Gift of a people prostrated by the aggressor, our Statue of Liberty now, more than ever, stands forth as a beacon of hope in a world of fear. To each and every one of us is given the privilege and the duty of keeping freedom's light aflame."

"We will win the WAR and the PEACE that follows."

===Franklin D. Roosevelt, December, 1942

"WAR is now waged by nations, not armies." Now, more than ever before, each one of us needs the power education can g'ive through development of general ideas and specific skills, through stimulation of resourcefulness and powers of leadership.

PEACE WILL FOLLOW. "And the peoples of the earth must start over to build an enduring society of neighborly humanity. The pattern of that era cannot be left to evolve by chance; men of good will, experts in politics, economics, science and education must cooperate in fashioning and perfecting it. And besides experts, there must be plenty of intelligent and tolerant citizens, who will understand and heartily support the initiative of the experts at home and abroad." In our secondary schools today are the students who will be the experts and enlightened citizens of tomorrow. The public schools must carry on now as never before. The students must become aware of and attune to their destiny.—Quotations from "Horizons," Oberlin College.

Principal of the High School

Miss Ruth K. Sensbach
Adviser of Girls

"American schools have never lagged behind the nation's action in a time of crisis. Now they are out in front again, not only geared for war as long as the nation must fight but also planning for reconstruction when the peace has been won. Since the existence of free schools anywhere in the world depends upon the outcome of the present conflict, all units of the American system of education recognize that they must turn full attention to the war effort and its implications." From "A War Policy for Schools", Pennsylvania School Journal April 1942.

The Connellsville Board of School Directors has enlisted its teachers to speed emergency measures. The teachers and administrators helped with registration in all the drafts. They coped most effectively with the details of sugar rationing. Many took first aid courses,—some becoming Red Cross instructors. Leaders among them helped to direct the Air Raid Warden School, to provide for sale of War Stamps and Bonds, to organize emergency forest fire crews among the school students, to salvage waste paper, to promote model airplane building, and to plan air-raid precaution regulations in the school.

Mr. Phillips and Mr. Hunter, Assistant Principal, confer on an attendance problem.

In Miss Sensbach's office one is always sure of a gracious reception.

Cooperation War Policy Administration

The Board of School Directors has not only strengthened the program for education of youth, but also has been providing opportunities for adults to acquire training to meet present industrial and technological demands. The West Penn Defense project, which offers ten-week courses in machinery, welding, electricity and forging, will have trained, when its first year ends in July, 300 men of whom eighty per cent will have been placed. Metal working, machine working, wood working, and first aid training have been made available to 327 persons through the N. Y. A. program. Three sessions of the Pennsylvania State College Defense School during the summer, the fall and the spring have provided courses in technical subjects for recent high school graduates and others interested. The Red Cross Nurses' Aid Course given at the hospital has also been under the guidance of the school authorities.

FOOTBALL TEAM UNDEFEATED

The Coker Tiger arose from a long summer's sleep determined to avenge itself for defeats of previous seasons. As the brilliant days of summer lapsed into the cool winds and falling leaves of autumn the Tiger, entirely recovered from the wounds of by-gone days triumphantly raged on the gridiron. So fierce was the onslaught, C. H. S. went undefeated for the first time since 1912.

Hello, fellow students! We are about to spend an evening at a Coker football game. Want to come along?

On our way to the game we meet the band marching to the stadium. Keeping in step with the martial tunes we swing along out to Campbell Field. Our big new stadium is a thrilling sight with the bright rays of the floodlights piercing the night sky, revealing the majestic grandstands and intensifying the green of the grass. We hand our tickets to a member of the faculty at the gate and hurry over to the student bleachers. Our cheerleaders, Dot Debolt Gloria Depolo, Mary Thompson, and Muriel McCairns, pep up the crowd. As the teams

Our Undefeated Football Team at Campbell Field

Victories by overwhelming scores in the first five games of the season built up a tremendous feeling of confidence as the team looking over the heads of Scottdale's aggregation kept an eye on Uniontown's progress. Scottdale, demonstrating surprising power, in a game in which the score was constantly in the balance, gave the Cokers a jolt just at the time when it did the most good. The next Friday, taking no chances the Tiger's boys not only rolled up eight touchdowns but held Uniontown scoreless! Only superb playing on the part of Brownsville kept the Connellsville eleven out of the final play-off for the W. P. I. A. L. title.

sprint out to the field, lusty "Rahs" rend the air and the drums boom.

The whistle shrills. A cleated foot lifts the pigskin into the cool autumn air. With intermittent shouts, groans and cheers, we watch our mighty Cokers run rampant over the opposing eleven.

During the intermission our versatile band gives a colorful demonstration drill with intricate formations and cleverly arranged music. James Betters adds to the performance some spectacular baton-twirling.

Munching hot dogs and gulping pop from the G. R. concession stand we return to the bleachers for the final half,——and VICTORY!

Jim Betters

Rostraver Township

The Cokers pried off the lid of the 1941 football season with an impressive 38-0 victory over Rostraver. Almost before the fans had become seated the first touchdown was scored by Dave Hart on a brilliant 25-yard run. Soon afterwards Schroyer dashed through a hole in center for the second tally. The second stanza brought Lujack and Pitzer to the goal line. Hart again scored soon after. The first team was sent to the showers as Coach Ruff attempted to keep the score down, but in the final quarter, Delligatti carried the pigskin into paydirt territory.

0 - 38

Mount Pleasant

In this game the Coker Tigers really demonstrated that they had a powerful team as they trampled Ramsay High of Mount Pleasant. There was never any doubt as to the outcome of the game after Lujack took a punt late in the first quarter, and, displaying brilliant broken-field running dashed 70 yards to a touchdown. Early in the second quarter, Hart found a hole and streaked 65 yards for the second Coker touchdown. In the second half Schroyer and Lujack added the finishing touches with two more tallies.

0 - 33

Har-Brack Union

In a game that was marked by long drives and hard line play, the Coker gridders won an important victory over Har-Brack Union to celebrate "Dad's Night" at Campbell Field. Har-Brack gave stiff competition in first quarter. After the kick-off starting the second half the Cokers rolled right up the field and made their second score when Schroyer ran 42 yards through right guard for a touchdown. Hart was next to cross the goal after an 81-yard drive. Lujack took the ball across the stripes for the final score.

0 - 25

Dunbar Township

The Coker football squad completely annihilated the Dunbar Mules by using only line plays which were released with dynamic power. This was the worst defeat handed to the Mules since 1918. Lujack scored the first touchdown on the fourth score of the game. Hart, Delligatti, Smyth, Pitzer, Hogan, and Richards also crossed and sometimes recrossed the line to bring glory to C. H. S. Dunbar's only score was made when, in the final seconds of play, Hominsky sent a pass to Wilson, who crossed the goal untouched to record the first touchdown of the season made against the Tigers.

6 - 56

COKERS

Here are the boys

John Schroyer - Hard-driving line-smasher; consistent ground gainer; superb on defense; elected to All W. P. I. A. L. first team, All-State third team, and All Fayette County first team.

John Lujack - Hard runner, good punter, accurate passer, vicious tackler, and great field-marshal; elected to third team All W. P. I. A. L. and first team All Fayette County.

David Hart - Fast and shifty, steady on defense; scored season's first touchdown, ran 80 yds. for year's longest touchdown run.

Alfred Bieshada - Bone-crushing blocker, good leader of interference; has another year to go.

Richard Dixon - Great offensive and defensive end, wide awake; recovered several fumbles.

Albert Blannon - Rough and tough, modest but dependable; has great career ahead.

Louis Scacchi - Tough blocker, crafty; hard to block out; good kicker-off; nominated to third team All-State.

Dwayne Mortimer - First year on varsity; plays like a veteran on defense; was injured in Dunbar game and was out of the line-up for the remainder of the season.

Greensburg

For the first time in 35 years an Orange and Black eleven carried away a victory from Greensburg. The Westmoreland Countians were no match for the Cokers who scored a touchdown in each quarter. The Cokers started the scoring when Dixon recovered a fumble on the Greensburg 18 yard line and Schroyer crashed over from the 3-yard line several plays later. In the second quarter Hart, local speedster, caught a punt and ran 80 yards for the longest touchdown run of the season. In the third quarter the Tigers steamrollered down the field in four successive first downs and sent Lujack over for the third touchdown. Lujack scored again in the fourth quarter to conclude the Coker scoring. Greensburg's only tally came in the final minutes of the game on a pass.

6 - 26

VERSUS:

who won the games

James Smyth - Steady, but tough; pepped up the line; good play solver.

Fred Rowe - New addition to the team; small but nervy.

Bernard Shafsky - Hard-hitting end; known for his "necktie" tackles; wiry and dependable.

Harold Stefl - Replaced Mortimer after the Dunbar game and showed up well.

Charles Shalala - Big and tough; retired by leg injury early in the season.

Raleigh Graves - Terrific interferer and blocker; retired by broken ankle.

Paul Litavic - Sustained leg injury, but returned to play a great brand of ball.

Garry Feniello - Shared left guard position with Rowe; stocky and tough on defense; good placement kicker.

Richard Dilworth - Reserve end; good tackler; dependable replacement.

Richard Pitzer - Reserve fullback; scored several touchdowns; expected to make first team next year.

HERE'S TO THE COACHES

Three Cheers for our coaches! We wish to pay tribute to those two men who made this football season such a big success, Coach Arthur H. Ruff and Assistant Coach Edward S. Spotts. Since the Messrs. Ruff and Spotts came to us several years ago our football teams have made history. In the past three seasons they have given us quite an enviable record of 21 wins, 5 losses, and 3 ties—which is something to be proud of. Both are masters of strategy and have a thorough knowledge of offensive and defensive play. We of C. H. S., therefore, take off our hats to these very capable coaches and their able assistants, Mr. Lasky and Mr. Barr.

Scottdale

The Scottdale Scotties really threw a scare into the Tigers, nearly upsetting the Cokers in a bitterly contested fray. The Scottdale aggregation started the scoring early in first quarter after recovering a fumble. Soon afterwards Scacchi recovered a fumble and set up a touchdown for Schroyer. After the half time rest the Tiger roared down the field and Hart went through the line for a touchdown. After another Scottdale tally in the final quarter Lujack sewed up the game with a 77-yard touchdown run through the line although Scottdale still threatened as the game ended.

12-21

Uniontown

Connellsville's football team completely humbled its traditional rival on rain-drenched Campbell Field before a capacity crowd. This was the worst shellacking ever to be administered by either team to the other. Twenty first downs were made in this game, one of which was made by Uniontown. The Ruffmen never had to punt or give up the ball on downs and only once was it necessary for them to use the fourth down. Hart, alone gained more yardage than the entire Raider team with his off-tackle slashes and long runs. Touchdowns were scored as follows: Schroyer 2; Lujack 2; Hart; Bieshada; Delligatti; and Pitzer.

0-54

Vandergrift

The Coker eleven walloped the Vandergrift Lancers for their eighth consecutive win. Schroyer played a sensational game at fullback and gained more than the entire Lancer team. Lujack made the first score after gains by Schroyer and Hart. Schroyer and Lujack crossed the goalline in the second quarter after long drives. Connellsville hit its scoring peak in the third quarter when Lujack scored twice and Schroyer tallied once. In the fourth quarter Delligatti reeled off the longest run of the game, 44 yards for the final counter.

0-44

Brownsville

In the final game of the season, the Cokers were deadlocked by the Brownsville thus being eliminated from the A A title race. This tie game was one of the most thrilling and heartbreaking ever witnessed by Coker fans. The Vikings governed play during most of the game through line bucks and passes. Schroyer played a spectacular game against odds. The Vikings scored the first touchdown on a line buck and then Hart sent an aerial to Lujack who ran 55 yards for the first Coker touchdown. Schroyer made the final Coker tally on a line smash from the 2-yard line. Brownsville scored on a pass to tie the score. A final desperate drive by the Cokers took the ball down near the goal line but the game ended before a score could be made.

In The Crisp,

We're off to East Park for an hour of fun-and the last one there is a sissy!

Vigorously fought soccer games brought good fresh air into our blood.

The girls were thrilled with their new hockey equipment and set about learning the game with much enthusiasm.

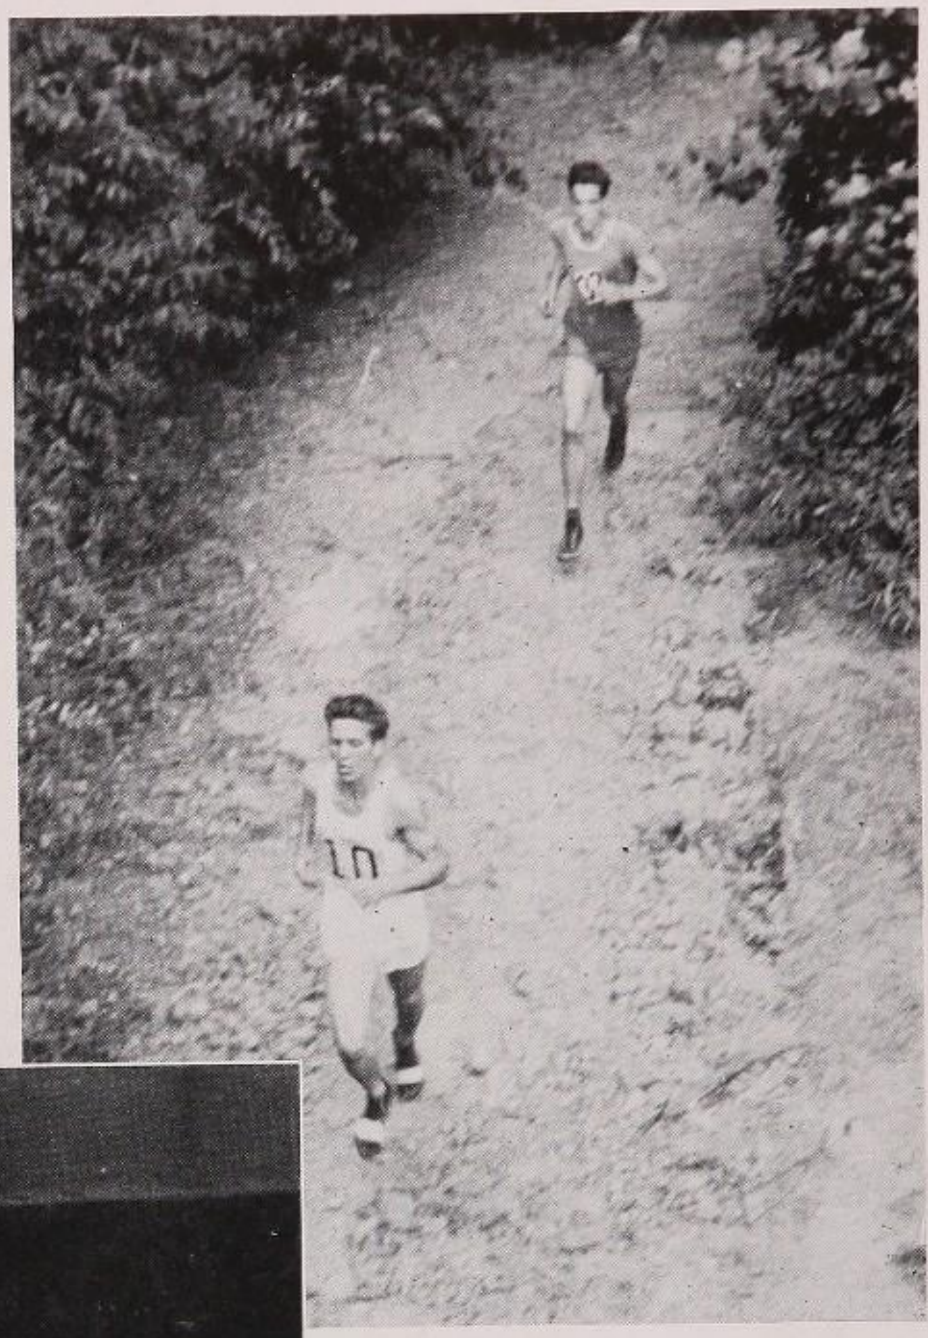
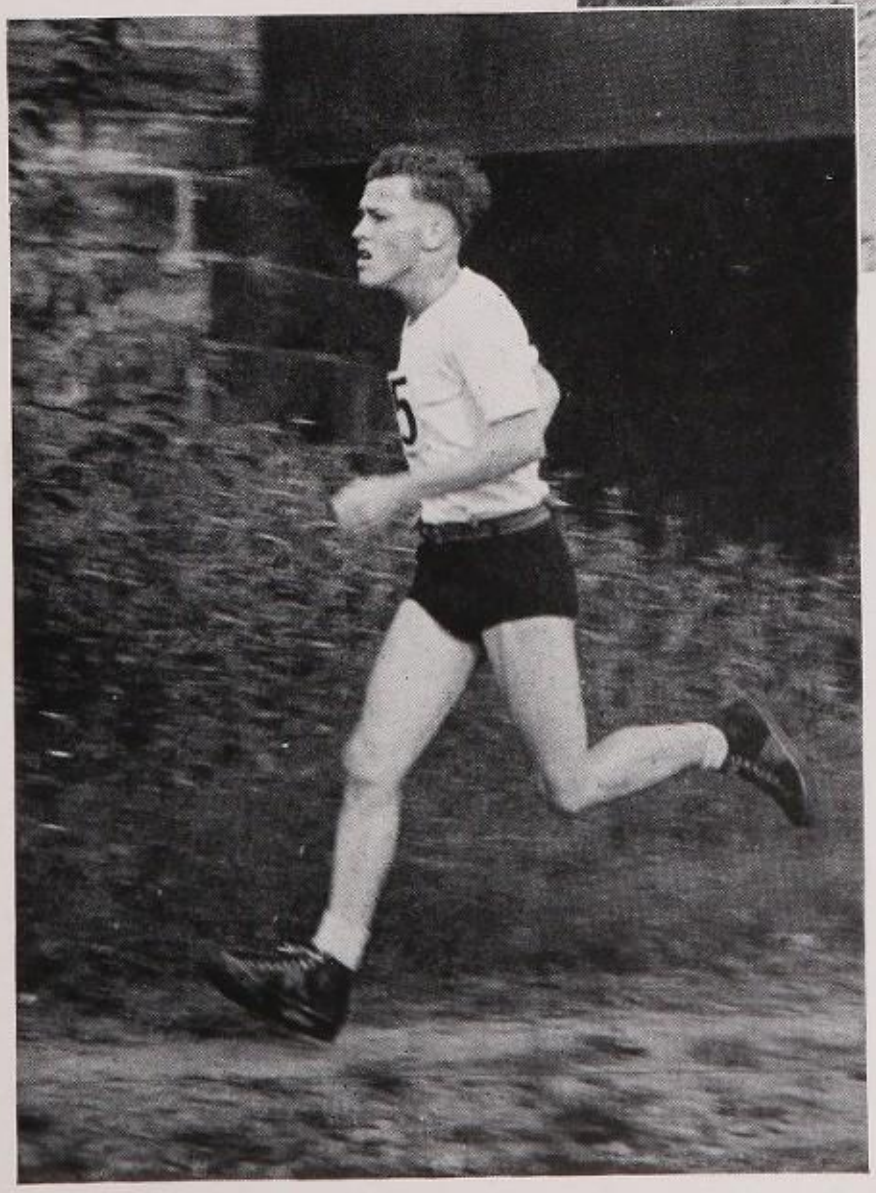
Cross Country

The Connellsville cross-country team under the tutelage of Coach Lerew ran through a vigorous season which put them in good shape for a successful spring track season. Oscar Tissue and Marvin Sage were the outstanding Coker performers. The Cokers scored 81 points to place fourth in the W. P. I. A. L. cross-country championships at Schenley Park and placed fourth in the Western Regional at Schenley Park. Marvin Sage and Oscar Tissue were eligible to go to the State Meet. Sage finished tenth and Tissue came in twenty-first.

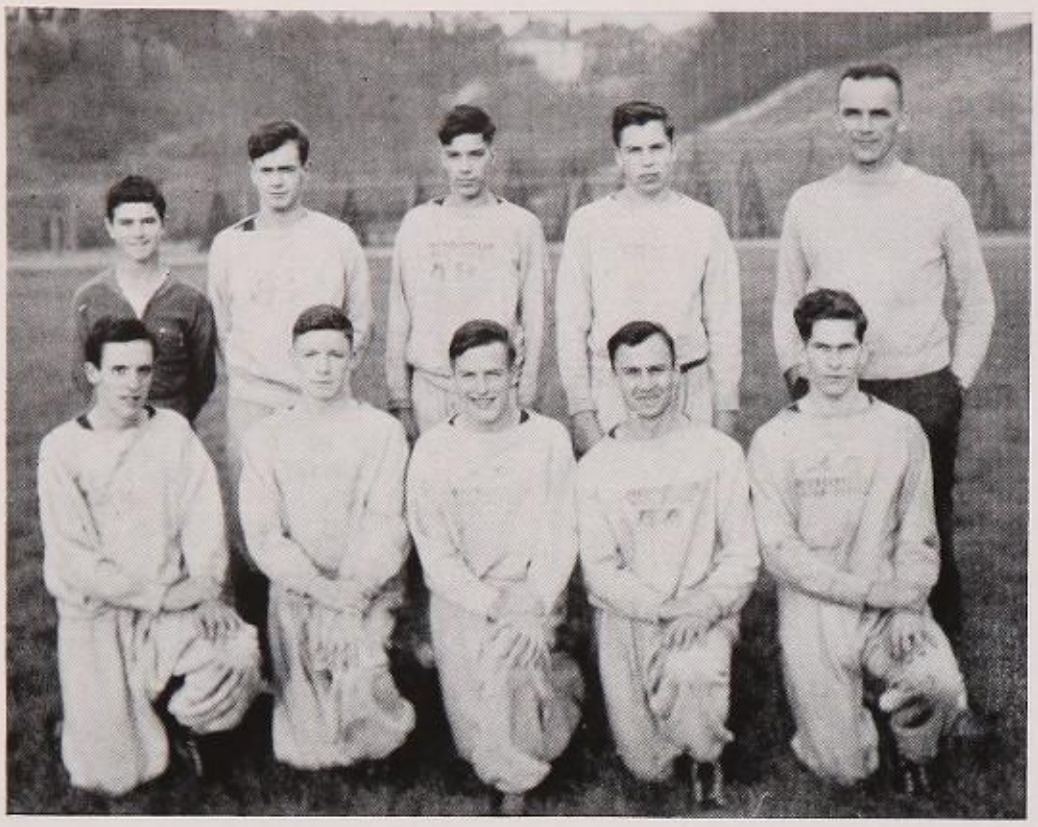


Oscar Tissue is here shown characteristically catching up on his opponent! He passed this one and all others in all the dual meets!



This is one of the finest photographs in the book. It has, not only caught the runner with both feet off the ground but has recorded the spent, exhausted expression characteristic at the end of the race. Tom Herwick is the Speedster!

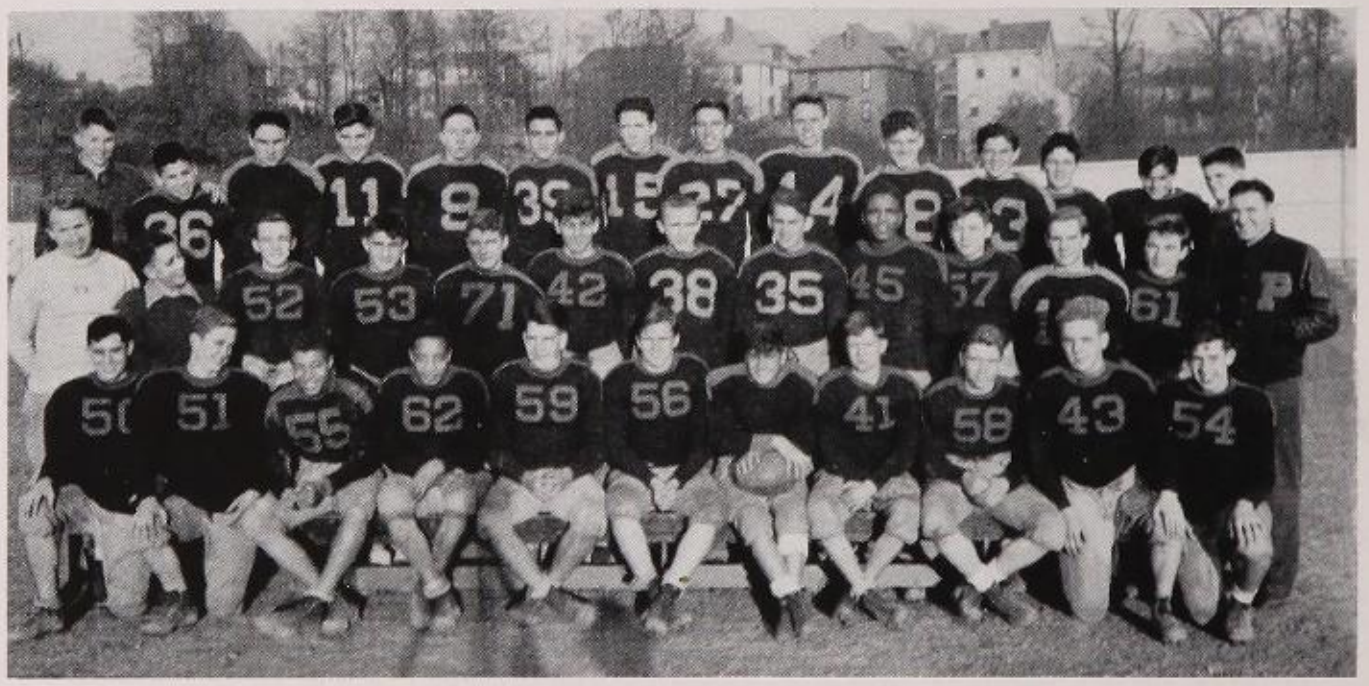
Cross Country Squad



Row one: James Minerd, John Collinson, Don Herwick, J. L. Stillwagon, Marvin Sage.

Row two: John King, Tom Hook, Oscar Tissue, Chris Siesky, Mr. Lerew.

Junior Varsity Football Season



Front row: H. Hileman, J. Pearl, J. Robinson, J. Williams, R. Nicholson, J. Ruggieri, J. Krinock, J. Conaway, S. Long, R. Feniello.

Second row: Coach Barr, J. Murray, (Mgr.), J. Senor, L. Molinaro, L. Schmidle, E. Lattanzo, J. Savage, E. Steindl, L. Johnson, J. Ball, A. Robbins, G. Losier, Coach Lasky.

Back row: E. Conlon (Mgr.), C. Feniello, D. Williams, C. Kennel, J. Patterson, A. Salatino, C. Stafford, G. Pastor, E. DeWitt, J. Martray, P. Paris, F. Scacchi, W. Delligatti, R. Haines (Mgr.).

Although the Connellsville J. V.'s played only two games this year they showed plenty of vim and vigor in handling a pigskin. They humbled Mount Pleasant in the first game and then lost a hard-fought fray to Washington with Williams, promising fullback, scoring both of the season's touchdowns. In both games the boys showed a powerful defense which can be put to good use in future varsity games.

Boys' Leaders Club

Membership in the Boys' Leaders Club is a much coveted and highly prized honor. Not only must the boys have outstanding athletic ability, but they must also measure up in leadership and character.

In addition to planning the club's own sports program and meetings, the members help to direct the physical education class activities and the intramural competitions and participate in inter-scholastic sports.

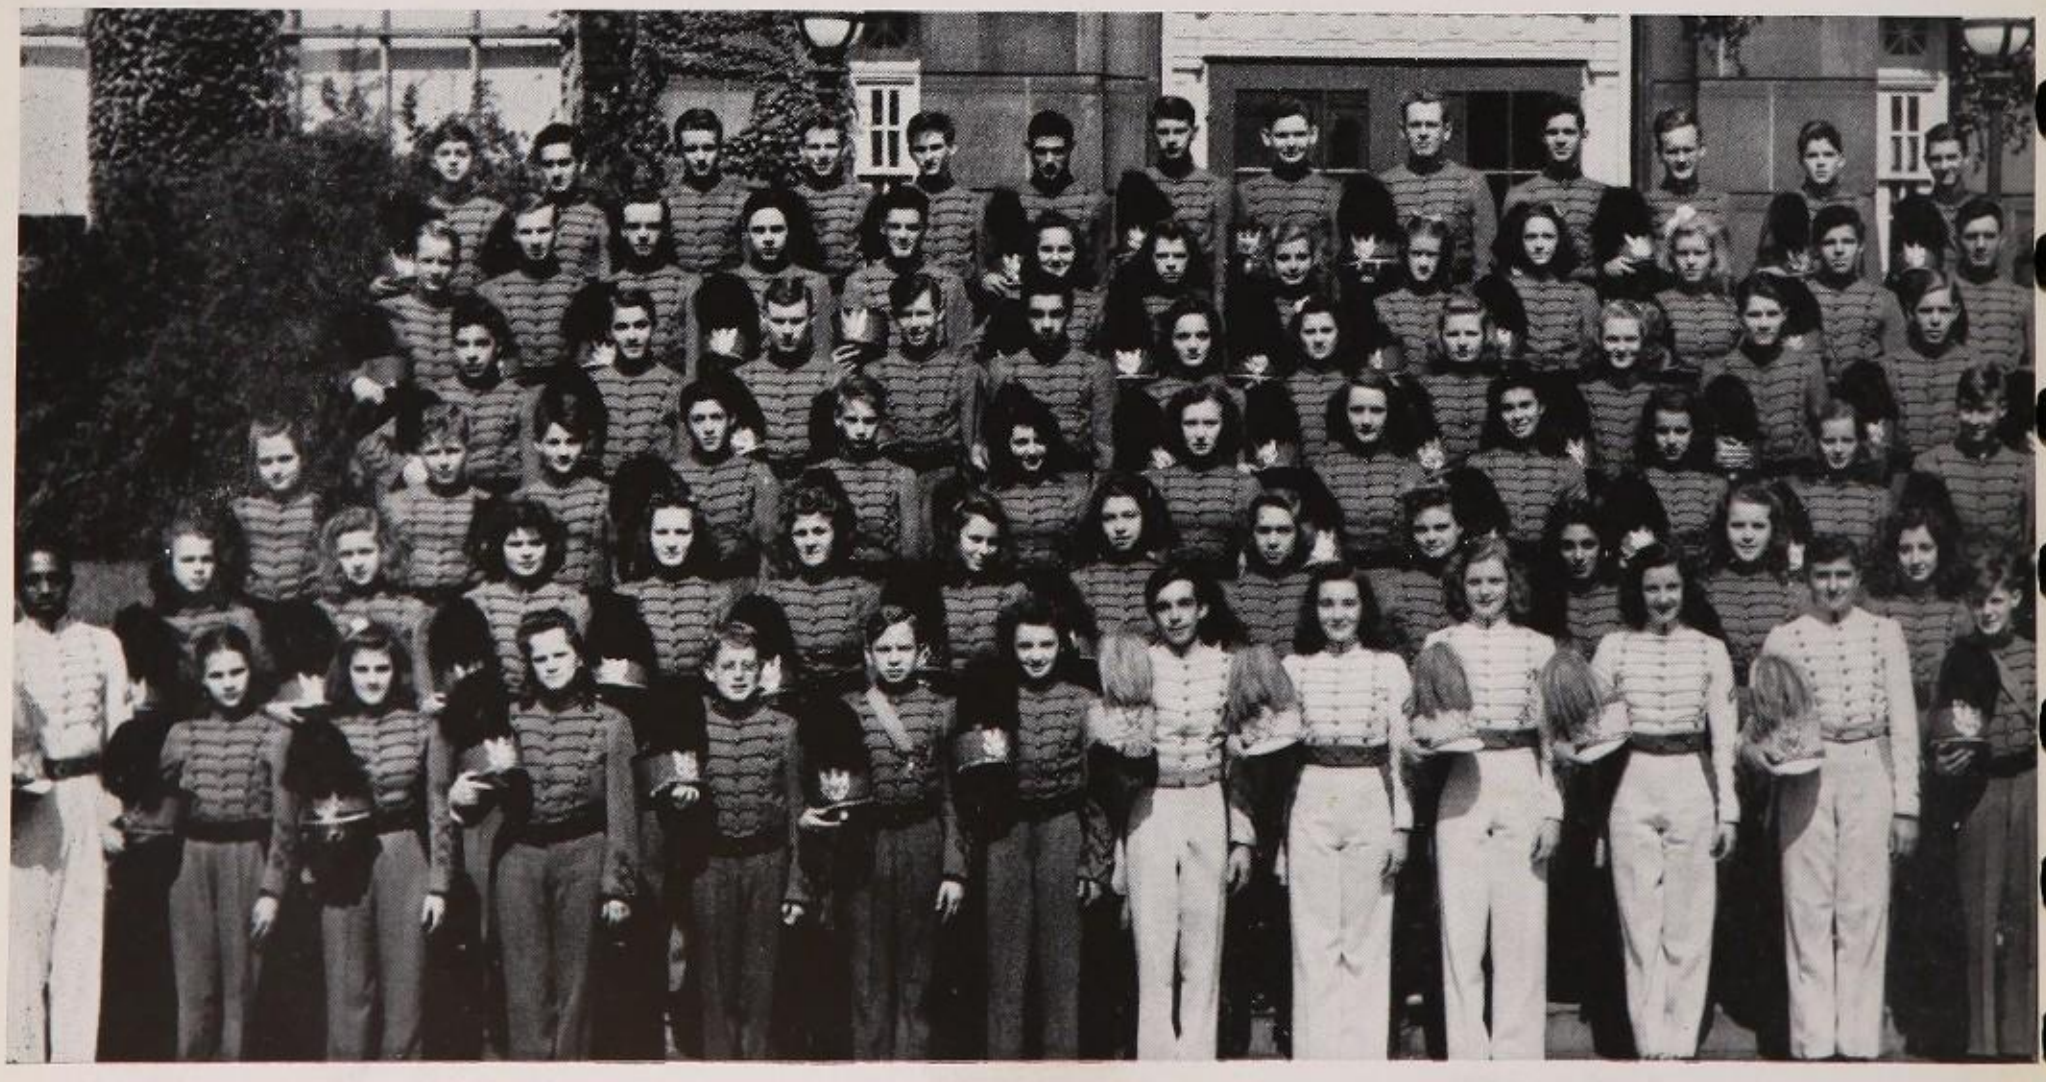
BAND and ORCHESTRA

The C. H. S. Band, famous over the southwestern portion of Pennsylvania, hit an all time membership high this year, of 105 members. Helping greatly to improve the appearance of the organization were the beautiful American Flag and the guns of the color guard, presented just this year by the Elks and American Legion.

Director Richard H. Gingrich deserves much recognition for his efforts, as it has been he who during the past five years has made the band what it is today. The school deeply regrets Mr. Gingrich's departure, and wishes him the best of luck.

Activities of the band this year were both various and numerous. In the fall, football games kept them busy. Later they played for several assembly programs and for the teacher's institute. During the winter they practiced for their two spring concerts. Thirty members represented Connellsville in the All-County Band at Georges Township. Especially outstanding for their musicianship have been Edward MacDonald,



—MUSICIANS ALL

Ross Prestia, and Jack Echer. Edward has been drum major for two years. Both Edward and Ross had chairs in the all state Band at Millvale. The band had been selected to represent the state of Pennsylvania this spring at the National Automobile Convention in Washington, D. C., but the convention was canceled due to the war.

The community as a whole should be very proud of the band and appreciate their efforts to be one of the finest aggregations in Western Pennsylvania.

At dress rehearsal: Patience (Doris Landymore) sings of her hopeless love for Grosevenor (George Rudolph).

Bunthorne (David Musgrave), having been decorated by the Rapturous Maidens, sings in praise of love as the assembled company attends.

Look Out

"PATIENCE," An Operetta by Gilbert and Sullivan

Little Patience, not understanding romance, amazes the Rapturous Maidens, for they have always been in love. Their present infatuation involves a worldly poet, Reginald Bunthorne, who, however, makes advances to Patience. She promises to marry Bunthorne, although she has no desire to do so, when the maidens convince her that it is her duty to be in love. Later, after the maidens transfer their affections to an idyllic poet, Grosevenor, Patience really comes to adore him. Finally, Patience's true love wins out over her sense of duty and Reginald resigns himself to remaining a single man forever.

Tuesday and Thursday Assembly Programs

The Constitution Day speech by Attorney Horewitz was indeed timely. In the fall mood were the Football Clinic and pep meetings. National Education Week emphasized the importance of schools in this crisis. Miss Horewitz and Miss Kurtz produced a spirited Thanksgiving play, and "Why the Chimes Rang" was given traditional assembly and public performances under the direction of Miss Vona and Mrs. Chentow. With the new semester came N. H. S. initiation; a program emphasizing the importance of women's work in the making of America; Pan-American Day; and defense plans. The band and orchestra, soloists and quartets, speakers and debaters have all contributed generously to our entertainment.

"MR. AND MRS. NORTH"—Junior Class Play

Mystery, gruesome and tangled enough to delight all arm-chair detectives, transpired in the apartment of the Norths in Greenwich Village, March 27, 1942. Pam came home from an over-night visit with her mother only a short time after Gerald had returned from a business trip. Signs of a prowler having been in the apartment paled in excitement when Pam discovered a dead body in a clothes closet. Later, another murder was committed. All fingers of suspicion pointed to the Norths until Pam finally unmasked the murderer. The Norths decided to find an apartment with less closet space!

Here's the yearbook staff, hard at work as they have been ever since September. Betty Ellen Whitten, Editor (in fact as well as in name!) is here deciding on details of the cover design.

On Coker Picture Day last October, between groups, Jean Leighty, Betty Ellen Whitten, Mr. Hartman, and Miss Kline map their strategy.

The Activities Committee planned the club section early in the year under the chairmanship of Louis McCoy. Jean Leighty, Jean Lashinsky, Elizabeth Reece and Loretta Colborn here are discussing arrangement of pictures.

The all-business attitudes of Jim Stover and Norman Homer really produced photographic results. Of the 210 pictures in the book, Jim contributed 30, and Norman 36. Norman was Mr. Hartman's right-hand man in the taking of the other 134 group and informal photographs.

The Senior Section is under serious consideration by the Classes Committee headed by Anna Lou Krupp. Dorothy Hudock, Anna Lou Krupp, Doris Pritts, Harry Prinkey and Stuart Mologne are here trying to obtain the most effective star and stripe combination.

The typists, Catherine Candilora, Naomi Snyder and Melva Hawkins are herein saluted for their good and accurate work.

Naming 1500 underclass pictures was an almost endless task. Working with a will are Loretta Russo, Virginia McClelland, Ethel Mae Workman, and Bernice Perrine.

The Sports Committee is conferring with the Art Editor, Don Small, on the layout for the track page. Bob Ayerst, Donald Small, Arthur Phuntek and Eddie Duggan look on while Frank Jones, Sports Editor, sketches out a few ideas.

Saving, always a virtue, became a patriotic duty. We bought all the war bonds and stamps that we could.

Physics, the science behind the manufacture and use of all war equipment became of even more vital interest to us.

Our geography came alive. The road to Mandalay was no longer only a place to sing about. We became internationally minded and saw that freedom for us meant freedom for all.

Uncle Sam already employed 100,000 typists but needed 50,000 more,—so we set to work with more earnestness than ever, prepared to fill these jobs.

Through our mechanical drawing experience we were better able to appreciate the tremendous amount and skill involved in planning a battleship.

Winter Came War

Many of Our Activities Took on New Significance

Learning to exercise intelligently our freedom of speech is an exceedingly important part of our education. The debating team always has had the jump on the rest of us in that regard, but this season their topic was exceptionally timely. "Resolved: That as a permanent policy, every able-bodied male citizen in the United States should be required to have one year of full-time military training before attaining the present draft age." Less than a year before the proposition was to be discussed the United States had enacted its first peace-time conscription act. The debaters prepared to discuss the questions from the standpoint of the United States at peace and remaining at peace. Pearl Harbor changed the complex of the argument. Each day according to the fortunes of war the issues and the arguments would change. The debate club became a vital organization, in the discussion of the defense plans of the country and thus a usual activity took on an unusual significance.

A free press did not hide from us our serious situation, but rather, by informing us as much as possible without giving aid to the enemy, it spurred each individual to do his part.

Christmas Atmosphere

We Kept Up Our Morale

We danced at the Student Council dances, at the Girl Reserves Debut, at the Boys and Girls Leaders' Clubs' Spring Frolic. We danced not out of disregard for the national emergency,—but because we needed a release, temporary enough, from the anxiety and care that filled us.

The National Honor Society initiations emphasized for us the importance of leadership and pointed out to us those of our company who have shown that they can assume responsibility and carry out projects commendably. The pledge, administered by Mr. Phillips to all new members. "I pledge myself to uphold the high purposes of this society to which I have been elected, striving in every way by word and deed to make its ideals the ideals of my school and of my life."

The girls, as always, were interested in their appearance—but felt that now more than ever they needed to make an especial effort to be attractive. In the Charm Club, they learned how to give professionalized manicures to each other. In the picture above Betty Moser demonstrates her skill, with Rosella Miller as the model.

We kept on singing,—for a singing nation is a winning nation. In carol groups, in the music contests, in assembly, in home room we sang the old favorites and the spirited war songs. What is more, we sang the "Star Spangled Banner" more often and with new feeling and earnestness.

Christmas Spirit was hardly in us so soon after Pearl Harbor,—but more out of habit than out of appropriateness, we went through the motions of celebrating the birthday of the "Prince of Peace." In our hearts was the hope that soon His Spirit would again dominate the relationships of all mankind.

The brilliant trees in the corridor and auditorium, the inspiring presentation of "Why the Chimes Rang," the beautiful carols in the corridors, home room parties and the G. R. toy shop all helped us to realize more poignantly the goodness of our life which we now are engaged in defending.

We Assumed Our Responsibilities More Seriously

An up-and-coming student council kept us busy this year and contributed much to the welfare of the school. They arranged for our pep meetings last fall when our football team was adding glory to Connellsville's name. They sponsored the noon dances. They agitated for new movie equipment for the auditorium, and success would no doubt have been their reward but for the unavailability of such machines. Their poster contest on "What America Means To Me" not only provided our artists with a timely subject on which to exercise their talents but also gave us all an exhibition to be proud of. Harriet Tyler won both the first prize and the popularity prize. Other awards were: Second prize—Muriel McCairns, Honorable Mentions,—Don Williams, Betty Weisgerber and Jaquette Schroyer.

As assistants to Miss Sensbach, and Miss Wilhelm, the Office Aides have done a cheerful and efficient job. Filing, letter-writing, running errands, helping to measure seniors for caps and gowns,—and a multitude of other duties have been taken care of very willingly. In turn the girls have acquired practical experience that will always be of value to them.

Corridor guards take care of library permits and keep an eye on all who pass, while they look as if they were doing their lessons! Very good way to get practice for listening to the radio and studying at once. Seriously though, their friendly presence makes a situation, that might be difficult, into a very pleasant one.

With Traditional Spirit:—

For the fifth time and second successive season, a Coker team captured the Section IX basketball championship. This year's crown was gained the hard way with the Cokers coming up from behind to a brilliant finish, by winning from Uniontown twice in succession after having lost a game to them earlier in the season.

The pre-season games were highlighted with much action and close scores. The Ramsay Bobcats nearly upset the Doldemen but were finally subdued by a 24-23 score. A powerful Homstead five, however, did carry a victory in their only engagement with the Cokers.

A 50-35 triumph over Jeannette in the first league fray forecasted a great season. Randolph, diminutive guard, scored 17 points - almost half of the total number of points made by Jeannette. Journeying to Scottdale, the Cokers carried off a 42-30 victory over a spirited Scottie quintet. Chris Seisky scored nine goals with the assistance of accurate passing on the part of Lujack and Schroyer. An exhibition tilt with West Newton resulted in a 35-24 score in favor of the Connellsville courtmen. Excellent teamwork highlighted the Latrobe fracas. A 26-point third quarter insured an easy victory the final score being 59-41. Each Coker who was in the starting lineup scored at least eight points. A thrilling uphill battle with Norwin ended in a 32-30 score in favor of the locals. The winning points were made in the final seconds of the game by John Richards. Shots from all portions of the floor enabled C. H. S. to defeat Greensburg by a 28-23 score. This was the fifth con-

On basketball courts, gridirons, cinder tracks and other "fields of friendly strife" our American boys develop the strength and stamina, the speed, the coordination, the fighting spirit, and the "will-to-win" that make them great athletes and the world's finest potential soldiers, sailors, and airmen.

secutive league victory and Randolph and Seisky scored nine and eight points, respectively. The Red Riders of Uniontown downed the Doldemen for the only league loss of the season. Long shots and defensive strategy won a 36-24 victory for the county-seaters. Lujack, the Coker mainstay, scored 11 points.

The second half of the sectional frays got under way when Jeannette again bowed to the local quintet. The score was 46-31 this time and Lujack scored 14 points. Scottdale was highly outclassed in their return game. Connellsville had a sensational third quarter and built up a 52-23 score. The West Newton Hornets carried no sting for Dolde's Dribblers and received a thorough 45-29 drubbing. Friday the Thirteenth brought a 44-39 decision over Latrobe at the Latrobe gym. Siesky and Randolph scored 18 and 11 points, respectively. A flurry of goals in the second quarter insured an easy victory over Norwin as the score read 53-27 at the end of the game. The Cokers performed sensationally at the foul line, making 11 of 13 free tries. Siesky and Lujack shared scoring honors with 13 points each. Greensburg was trampled after sending a scare into the locals. The Greensburgers pressed the Connellsville floormen hard in the first half and had a one-point lead at half time. A substantial lead was not gained by the Cokers until the final minutes of play. The final score was 42-36. The final league game of the season, the second Coker-Uniontown clash was one of the most important and thrilling games of the season. A capacity crowd in the gym and a large radio audience witnessed a 38-24 walkaway for the

A Brilliant Season

Cokers. The game was close during the first half, but, from the third quarter on, the C. H. S. team was never in danger. Siesky scored 10 points and Lujack and Schroyer played one of the best games of their careers, both offensively and defensively. This game deadlocked Uniontown and Connellsville for the section diadem and necessitated a playoff at the Pitt Stadium in Pittsburgh.

The playoff game was a fan's paradise. It was one of those nip-and-tuck affairs which has the crowd on its feet during most of the game. This game was undoubtedly one of the most thrilling of many seasons and one of the best ever witnessed at the Pitt Pavillion. The score seesawed back and forth during the entire game and with less than 30 seconds to play the Raiders had gained a scant 33-32 edge and were "freezing" the ball. Just when all hope of victory for the Cokers seemed gone Siesky intercepted a pass and took the ball down the floor for a pretty lay-up shot to make the score 34-33 in favor of Connellsville. Seconds later Bieshada of Connellsville scored on a one-handed try as the game ended making the final score 36-33.

By virtue of its victory over Uniontown for the Section IX Championship the Coker entered the quarter-finals of the Class A title race. Monessen played a great game to defeat the local dribblers by 45-41 score. This game also, was a thrilling one and the score was close at all times. The Cokers led by one point at halftime, but Monessen gained a slight lead in the final minutes of play in the last quarter and were never headed.

Casts Its Light Ahead

UNDERGRADUATE TOURNEY

In the Undergraduate Tourney for the Class A undergraduate crown the Cokers started off with a 40-25 victory over North Union. In the second game Brownsville came out on the short end of a 45-22 score. Uniontown had also won two games up to this time. In the playoff for the championship Uniontown played a surprise game and won the title. Despite this defeat the Cokers have a bright outlook for next season. Siesky, high scorer of Section 9 was voted the most valuable player of the Tourney and John Richards was voted as one of the best guards in the competitions. Both boys are veterans of the varsity and, along with Hart, Dunston, and Bieshada or Seaton should make quite a combination as next seasons varsity.

JAYVEE BASKETBALL

Basketball stars must be born with the ability to develop certain muscular coordinations, but further than that a basketball player is made,—made by years of practice and striving, of which the reward is a place on the varsity squad. With the way lighted by the brilliance of the past two varsity seasons the Jayvees should know where they are going! Their season, as a team, with twelve wins to overbalance seven losses, presages glories for C. H. S. in the year to come.

BOYS GIVEN ALL CREDIT FOR SUCCESS

By JOHN H. WHORIC
Courier Sports Editor.

Mr. and Mrs. John Q. Connellsville and children, please step up and meet Alfred Richard Barr, the miracle man of Coker swimming.

The handsome, carrot-topped coach of Connellsville High School water aces, who answers to the handle of "Red," is beyond question one of our hardest working and most conscientious citizens, whose accomplishments and achievements are the toast of Western Pennsylvania scholastic circles.

This Is The Story, Folks—

The WINNAH and STILL CHAMPEEN! Yes-sir-ee, the undefeated Coker swimming team again swept away all competition at the W. P. I. A. L. meet held at Trees Pool, University of Pittsburgh, and walked off with top honors for the fifth consecutive year!

Undefeated in dual competition in the past four years, the team under the expert coaching of Mr. Barr, "waded" through all competition in the 9 dual meets held this season, scoring 423 points against the opponents' total of 243 points. This swelled the list of consecutive dual meet victories to the staggering total of 40. The Barrmen also took 2nd place in the Western Regionals, 6th place in the State Meet and 2nd place in the Pitt Invitational meet.

In the Interclass Meet, where berths for the varsity are won, the fighting Sophomores outstripped all competition, even that of the Seniors who were, however, powerful and versatile enough to win second place easily. The Juniors settled into third place not because of their lack of ability, but because their numbers were so few. Although the Freshmen took the backseat, their relay teams were very outstanding. Altogether 88 boys came out for swimming this year. Sixty participated in the meet.

In their initial dual meet, the Barrmen traveled to Vandergrift and beat the Vandies 41-34. The most outstanding race was the 100-yard freestyle in which Jim Rush nosed out Milutus of Vandergrift, last year's W. P. I. A. L. Champ in this event. The Cokers journeyed to Duquesne for the second meet of the season and successfully turned aside all competition there. The swimmers were now beginning to round into Championship form. The third meet at Clairton was 51-24 Coker victory. Harold Stefl finished his 220-yard freestyle race with the time of 2:36.5, and Bob Munson swam the 100-yard back crawl in 1:09.9. To our 49-26 victory over Butler Harold Stefl contributed a new record of 2:34.0 in the 220-yd. freestyle race. A return meet with Vandergrift ended in a 45-30 score. Jim Rush again beat Milutus in a close race and Harold Stefl turned in a creditable time in the 220-yard freestyle race. Duquesne visited the Coker pool for a return meet and received a 47-28 dunking. Enany turned in a time of 1:18.2 in the 100-yard breast stroke and Gigliotti did the 40-yard freestyle in 21.9. These swimmers were new to the team this year. The Coker Splashers defeated Taylor Alderdice, a new addition to the roster, by a 44-22 score, to record their seventh straight win. The return meet with Clairton was highlighted by close finishes as Rush, Arn, and Gigliotti won their races by close margins. The final score was 50-25. Perry High, was swamped by a 48-27 score as the Cokers won their ninth and final dual meet of the season. Harold Stefl swam the 220-yard freestyle event in 2:33.2. Crowell of Perry gave Bob Munson his first setback in the 100-yard backstroke in the excellent time of 1:04.8. Our 180-yard medley relay set a new record of 1:47.4.

For the fifth consecutive season C. H. S. swimmers have won the W. P. I. A. L. Championship. The Cokers scored 49 points and set three of the six records established at the meet. Jim Dwire did the 100-yard breast stroke in 1:12.2, Harold Stefl took the 220-yard free style race in 2:29.6, and Bob Munson won the 100-yard backstroke in 1:05.6.

Connellsville was displaced as champion of the Western Regionals by Erie East. C. H. S. swimmers took second place scoring 20½ points against Erie East's 56½. The Cokers took only one place, the 100-yard backstroke event won by Bob Munson in 1:05.1. Stefl tied for second in the 220-yard freestyle while Dwire was third in the 100-yard breast stroke. The Coker medley relay team, composed of Stipa, Frazier, and Munson turned in a second place.

C. H. S. finished in a tie for sixth place in the finals of P. I. A. A. of State College. Erie East dominated the competition. The Coker medley relay team of Munson, Stipa, and Frazier finished in fourth place, while Munson finished fourth in the backstroke and Stefl finished fifth in the 220-yard freestyle.

POOL PORTRAITS - By A Swimmer

Sitting on the bench night after night waiting for your turn to go in and practice, you discover all the outstanding characteristics of each swimmer's style. At a quick glance one who is acquainted with these characteristics knows who is swimming. Let's discover what some of these traits are.

John Arn - Senior - 220 and relay. Johnnie kept up his steady crawl stroke from the beginning to the end of his race. Your enthusiasm and determination boosted the team's moral. Nice going this year, John.

Tom Coughenour - Senior - Backstroke and relay. "Cokie" steady pull and power-filled kick always put him in good standing. Tom finished a brilliant and enviable high school swim career this year at the Pitt Invitational.

Nathaniel King - Senior - Backstroke. "Nate" was light and fast. His remarkable quality was his fast turns - either left or right handed.

Bob Munson - Senior - Backstroke and medley relay. Bob's smooth stroke carried him through the H_2O like a dart. Bob was one of the best, if not the best, competitive swimmer who ever came out of C. H. S. - a deserving champion.

Jim Rush - Senior - 40 and 100 yard freestyle. Jim's powerful arm motion and flash turns were outstanding. You could detect his superb technique a mile away. Jim's brilliant career made him outstanding in the 220 as a Sophomore, in the 40 as a Junior, and the 100 as a Senior.

Bill Thornley - Senior - Senior Manager. The team's first manager and a mighty fine one, too! The team and Mr. Barr all had a lot of fun with "Wild Bill". He's a good sport and a good sportsman.

Harold Cramer - Junior - 220 and relay. Harold was new to the team this year, but his swimming is excellent. Once he turns on the power, nothing stops him.

Jim Dwire - Junior - Breast stroke and relay. Jimmy has power packed in all his legs and arms. His stroke is smooth and fast, and his glide is fine. Jim's freestyle is powerful. The hardest worker on the squad. 220 champ - 1941, 100 yard breast champ - 1942, ? - 1943.

Dave Enany - Junior - 100 Breaststroke. Dave has improved his stroke, so much that in his first varsity year he pulled down many 2nd. places. I think he even surprised himself this year. A bright future is in store for him next year.

Harold Frazier - Junior - Relay and 100 freestyle. A true power-house, "Beefy" surely could churn up the water with his powerful arm and leg motions. Harold excelled in relay work.

Bob Gigliotti - Junior - 220 and 40. "Giggy's" first year on the team. His characteristics are wonderful form and strong arm and leg movements. This along with determination made up for a lack of stamina.

Harold Stefl - Sophomore - 220 and relay. Harold's smooth rolling motion combined with a powerful arm motion, made every race look easy. With two more years to go this cool, smart swimmer should become a sensation.

Jack Senor - Sophomore - Jr. Manager. Jack's first year. He'll carry on Bill's good work, with equal spirit and sportsmanship.

Paul Stipa - Sophomore - Relay and breast. "Stipe" became faster as the season grew older and was really slicing through the "aqua" towards the end of the season. Paul's stroke is limber yet powerful and smooth.

FUN: Entertainment galore in the meetings, a "Get-Acquainted" tea, a minstrel show, a formal Valentine Day dance, and a picnic,—all these were pure fun and frolic. G. R.'s found out this year that working together can be fun, too. Concession duties, committee membership, program participation, poster making,—these activities gave all opportunities to experience the pleasure of helping.

Packing Thanksgiving Baskets

CHARITIES: A record of 118 Thanksgiving dinner baskets packed, and toys distributed to 104 kiddies, if interpreted in terms of joy, means that the G. R.'s have brought happiness to many hearts, including, of course, their own.

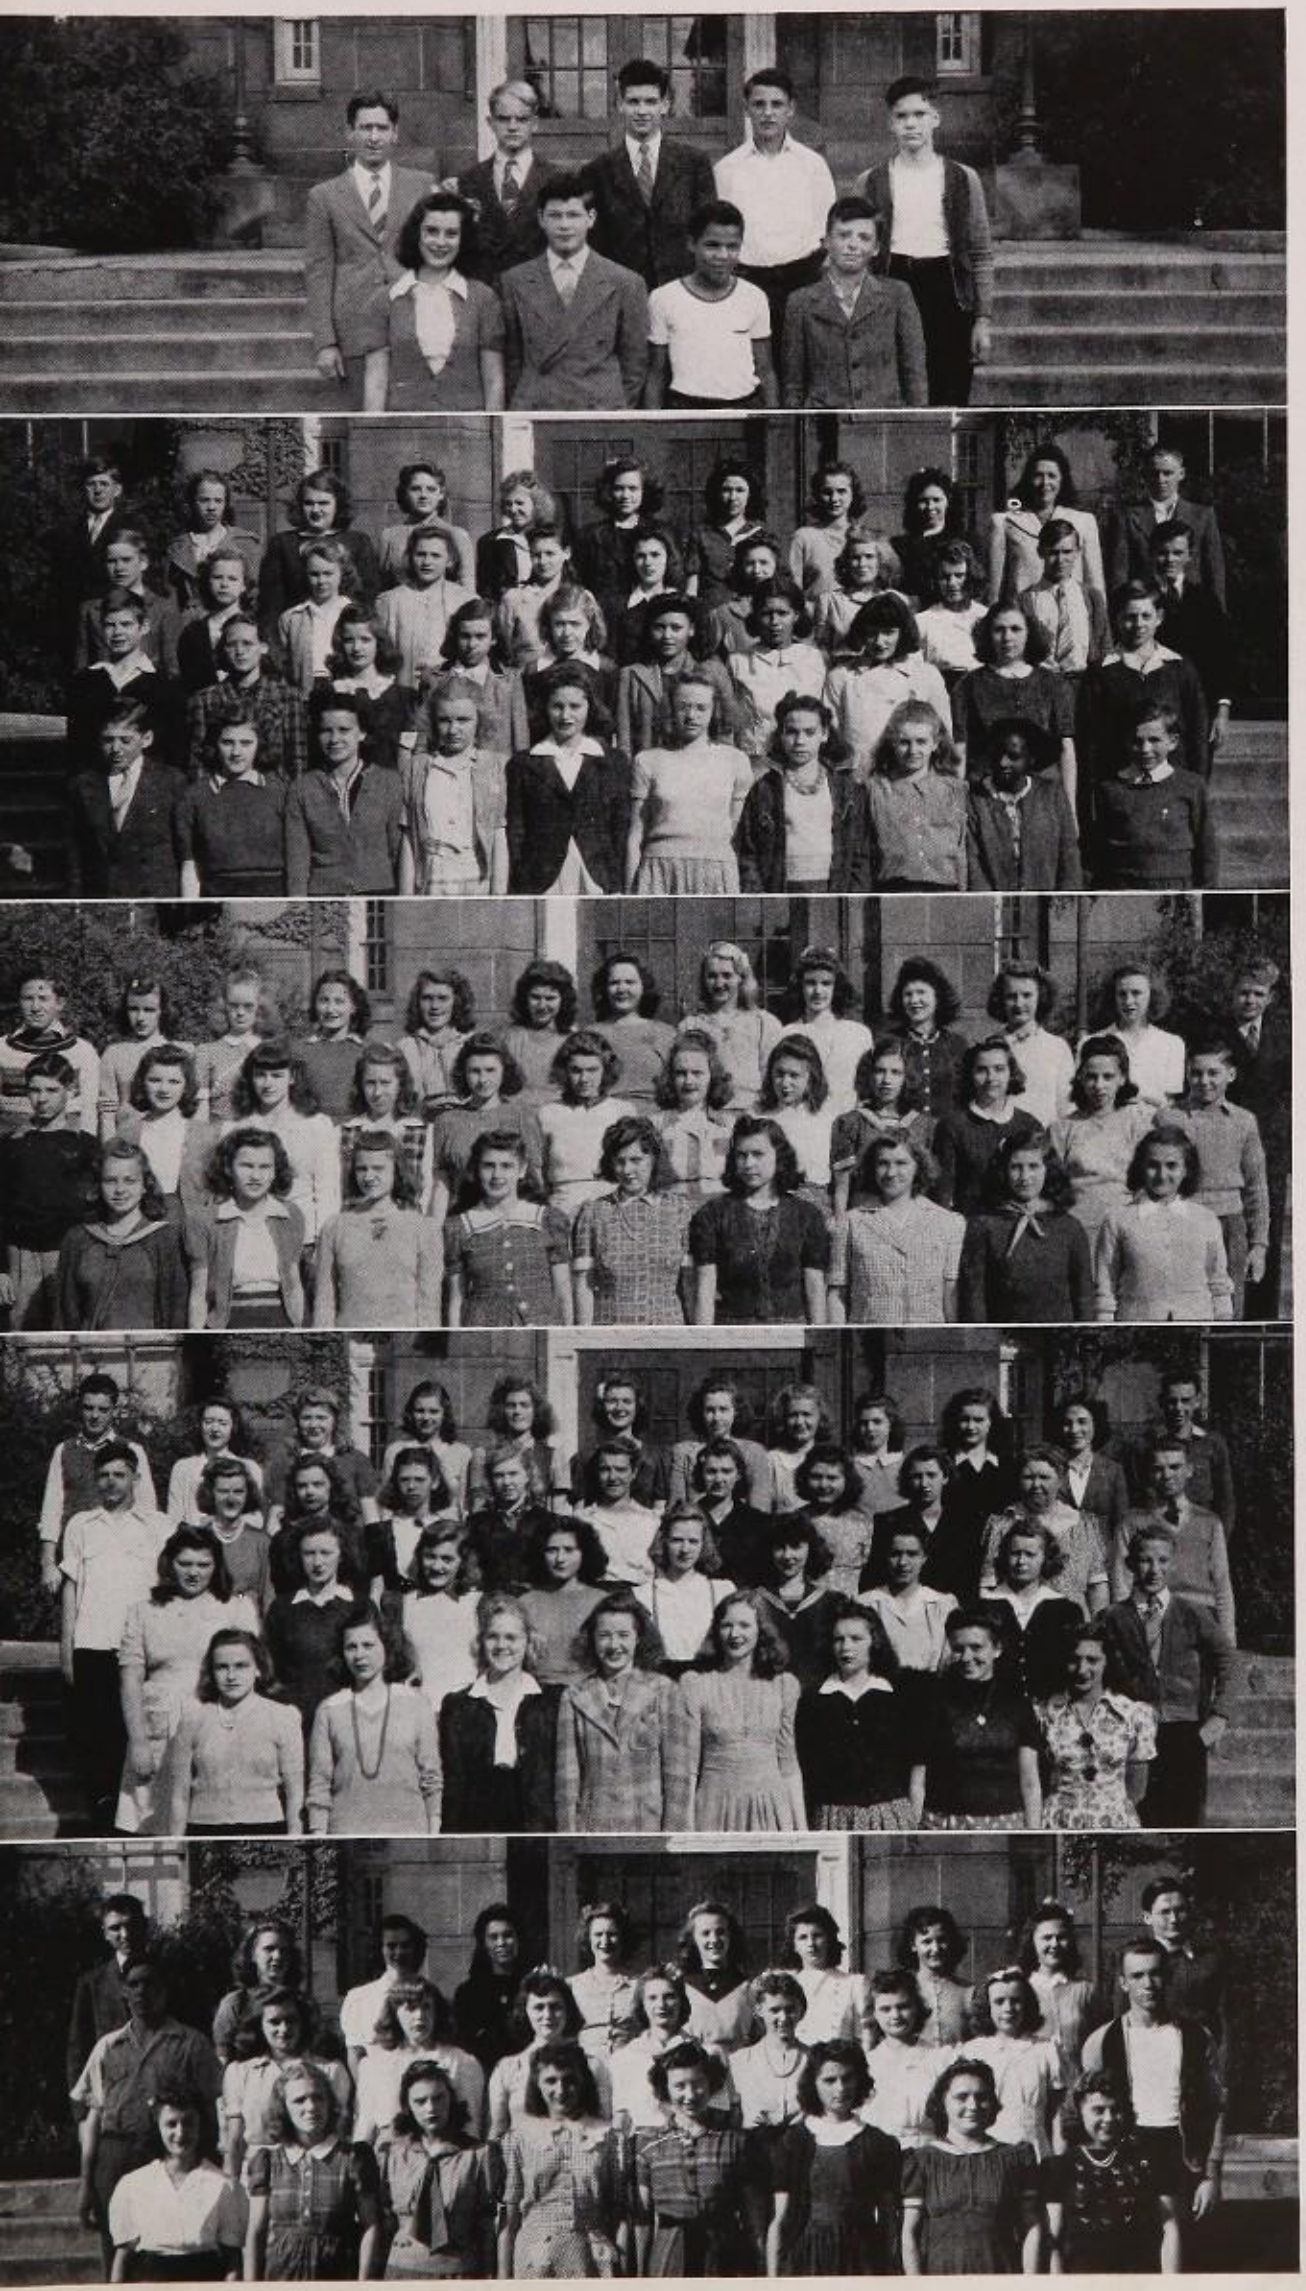
In these clubs an effort is made to have girls learn to understand themselves through a discussion of the problems involved in personality and emotional development. No attempt is made to give "ready-made" answers but rather to present general information concerning the fundamentals of behavior. These girls through the earnest efforts of their instructors, are taught ways and means of emphasizing their good points and overcoming their bad ones. They are taught to concentrate on walking and standing positions,—things that an employer always notices. By means of talks and demonstrations they have learned general information concerning behavior, personal appearance, etc., thus helping themselves to recognize, examine and discuss the personal problems that confront them from day to day.

Poise and Charming Manners

By Acting Out Make-Believe Situations



The Marionette Club has been concentrating on perfecting a new lighting system for their stage and in producing a play, for assembly, using quignoles, which are puppets with feet. . . . The Dramatic Clubs have interested themselves in acquiring the elements of acting —e.g. voice control, diction and walking. They practiced make-up; they presented plays each for the other group and had theater parties. In addition they have attempted to obtain an understanding of staging, casting, lighting, sound effects, stage business, and advertising from the point of view of the professional theaters.

Social Dancing Club teaches the basic or foundation steps and the principles applicable to all dance positions. Anyone who can sing, hum, or whistle a tune has sufficient rhythm and should be able to improve his proficiency in ballroom dancing, with practice.

Club discussions consist of the following, namely: Do's and Dont's for boys and girls while "conversing" to music; essentials for good following; training the ear to distinguish the difference in rhythm and accent in fox-trot, waltz, tango, and rhumba.

Co-operation, relaxation, and pliability are the keynotes of being able to follow. Practice—preferably at home will strengthen the muscles in dancing, and perfection for the beginner can be acquired if he learns lightness, learns the basic steps alone, and learns to dance independently of partners.

Making Ourselves Useful and Gay

Members of the Craft, Quilt, Home Ec., and Yarncraft Clubs are now, after working diligently all year, beginning to realize that "work can be fun." This year the work of the Crafts Club has been somewhat delayed due to difficulties in securing materials. Nevertheless, they have attempted the making of plaques. Miss Floto's Quilt Club members have had many an interesting discussion over their quilt patches—some of which were the Nine Patch, Sun Flower, Yo-Yo, and Flower Garden. Learning to improve your appearance, which is always an interesting topic to the girls, was the main theme of the discussion led by Miss Haegney in her Home Economic Club. When a discussion was not underway the girls experimented with hair-styles and different colors. The Yarncraft Club members experienced quite a thrill upon the completion of numerous articles knitted or crocheted by themselves. Among their projects were sweaters, scarves, purses, and afhgans.

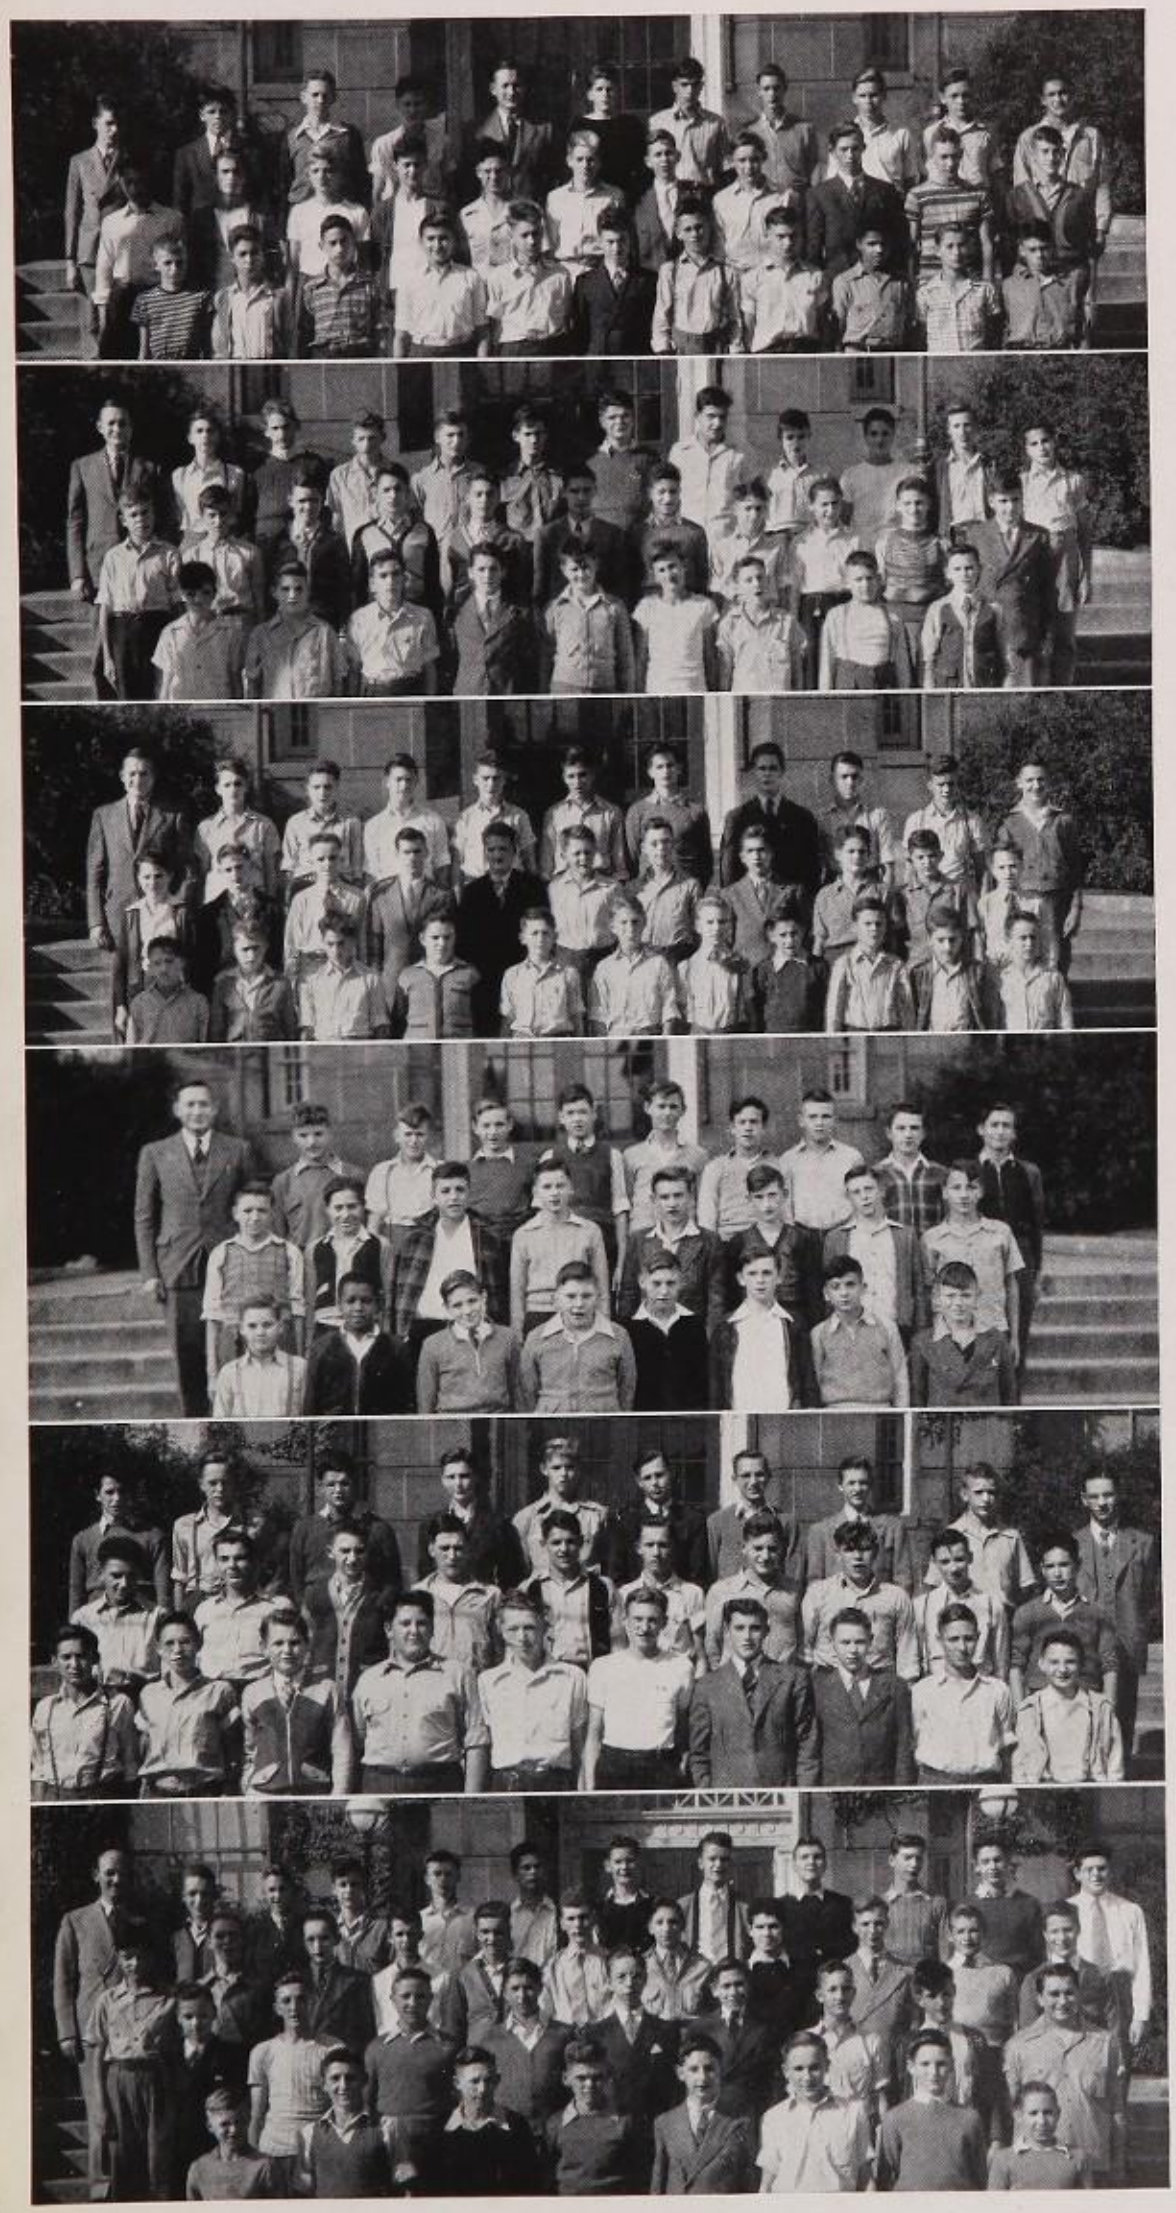
By using their skills in pleasurable activities members of these clubs have had a very interesting year. As proof of this statement we have the Stamp Club members, who, under Mr. Guhl's guidance, have been taught various methods of mounting stamps, ways of building up large collections, and the use of the standard stamp catalogs. Along with this work they have learned that care is a very important factor in stamp collection. Others of our students, who are members of the Chess Club, find this game to be a mentally-stimulating pastime. Most of the meetings have been devoted to the practicing of the game. At the close of the term a tournament was conducted in order to determine the champion chess player of the year. Those of our student body who were interested in bridge have had a wonderful opportunity to further their knowledge of the game through the efforts of Mrs. Hopkins and Mr. Lewis. During the first semester of their club work, lectures were given on the deck, honor count, bidding, leads and scoring. Duplicate bridge was introduced to the fans during the second semester.

for Nimble Wits and Fingers



Skillful with their fingers are those boys who have been members of Mr. Keightley's Woodcarving Clubs. All term they have been whittling model airplanes, ships, and other small articles with the use of only pocketknives guided by their nimble fingers. Doing work of a similar nature only on a much larger scale, were the boys of the Manual Arts Club. Due to the expert instructions of Mr. Munsey these boys found themselves taking home useful pieces of furniture.

The Camera enthusiasts have been at it again,—Talking about shutter-speeds, light-meter reading, fast lenses, emulsions and developers,—and what is more they not only learned to appreciate good photographs but have actually demonstrated their own ability to produce them.

When extra-curricular activities were planned, those with interests out-of-doors were not overlooked. Under the very capable leadership of Mr. J. F. Lewis, Nature Club members learned many interesting facts concerning the leaf and twig formation of common trees and shrubs. Subjects also touched upon were the weather, stars, rocks, minerals, etc. This was done by means of talks, film slides, motion pictures, blackboard sketches and field trips. . . . Our stars in sports including football, swimming, basketball, and track composed a special group, the Sports Club. Ably sponsored by Mr. Dolde, this club discussed ways of improving techniques. . . . Other boys of our student body interested in automobiles, make up the Automobile Club. Under the expert supervision of Mr. Guhl, they acquired some conception of how to pass a driver's test. These boys formulated plans to take a sight seeing tour by auto in the spring. . . . The sports of field and stream were given much consideration by the Fish and Game Club. Being especially interested in these activities Mr. Sisley sponsored this group. The main activity of the members has been the organization of a rifle club.

Clubs for Those of Literary Inclination

Believe it or not, we have in our school students whose hobbies are a continuation of an educational field. Some desired to further their study of the French language, so for them Miss Horewitz sponsored a French Club. Besides the language, the group studied France and its customs. . . . The Coker Club discussed methods of writing features and editorials, and other problems pertaining to a newspaper. This group expected to visit a newspaper office before the close of the term. . . . With Miss Roland's able assistance, members of the Travel Club gave movies and had travelogues about places they had visited. In addition, these "travelers" had a question box, talks on travel, and reviews of exciting travel books. . . . Some of our fellow students are really getting serious about the future. They have been primarily interested in various types of defense jobs—very timely. This Vocational Club was under the leadership of Mr. Mitchell.

"STAGE DOOR" – CLASS PLAY

That the perseverance necessary to success on the stage can be put forth by only a very few was well presented in "Stage Door". Of the girls who reside at the Footlights Club, only one reaches her goal. Dorothy Daniels, Dave Musgrave and Jim Stover ably carried the leads and were well supported by the rest of the cast, who were: John Arn, Adrienne Brady, Melva Burdick, Dorcas Burkhardt, Catherine Candiloro, James Funari, Joan Glass, Ruth Glassburn Theresa Guldenshuh, John Lujack, Irma Jean Marietta, Frances May, John McRobbie, Arthur Phuntek, Doris Pritts, Elizabeth Reece, James Rush, Linna Sample, Robert Schneider, James Schultz, Jane Lee Shaw, James Smyth, Naomi Snyder, Martha Tissue, Jean Weimer.

National Honor Society

N. H. S. members have devoted their meetings to plans for continuing their education, to a study of manners, and to consideration of how to make applications for positions. Projects which they have successfully undertaken have been selling Christmas Seals, and War Bonds and Stamps, acting as chairmen of assembly programs, serving as corridor aides, ushering for numerous events, and conducting their own meetings and installation ceremonies.

Seniors elected May 14, 1942 were: Gloria DePolo, Richard Dilworth, Irma Marietta, Donna Morey, Arthur Phuntek, Robert Randolph, George Rudolph, James Stover, Robert Whipkey.

"Spring faces the future and forgets the past. It is the season of hope. Its new green is a shroud for the dead blades of last year's grasses, forgotten, and covered by the new life throbbing and pushing toward the sun. Somehow it seems that this life that swells and glows on every inch of ground is better life than last year's: that there will be brighter and larger flowers on every stem, this year; that the fields will be greener, and the harvests more bountiful."

"This feeling of improvement is not an illusion. Tho in a lifetime we may not be able to detect it, no new spring is exactly like the last one. The record of the rocks tells us that the great forest trees and bright flowers of our plains and gardens have not always existed. There were once ancient seasons when the warming sunlight fell only on barren hills and valleys, and the winds swept endlessly over restless seas in which no fishes swam."

"The triumph of life in the world—the concert of color, growth, and motion which makes the world today a harmony in beauty—is a conquest: it is the yet unfinished work of a Nature that loves life, and pushes back, century by century, the dead beauty of a star, substituting the vital beauty of a world clothed with life."

"Men may take pride in the fact that they have understood that the world is a growing world—in the fact that they have perception and skill to guide and to accelerate the slow process of continuing creation. There is hardly a plant in your garden which has not been made more beautiful or more fruitful by the intelligence and effort of the Mendels and Burbanks of our race. Such men have taken from Nature's hands the sour crabapple, and from it have bred the Jonathans on our winter tables; they have cultivated the little wild rose, and after a while have filled our arms with American Beauties."

"Recognition of the possibility of improvement is the first step toward its achievement. Someone had first to dream of a better apple before there could exist the possibility of breeding one. It is the most hopeful sign of our day that men are fixing their eyes steadily on the possibility of a better world: not only a world of better flowers and fruits, but a world in which men may themselves become better men."

"We are at war, but we and millions like us are making of this war a struggle for a world of peace—a world in which men may advance a step at least toward that ultimate community in which the talents and sympathies of men may have room and nourishment to flower. That we can visualize this goal is the first step toward its attainment. That we shall have to fight for it is clear. All achievement is the result of pain and struggle, and good things easily attained are little valued and carelessly guarded."

"Courage is the portion of those who are wise enough to see that they are fighting, not for themselves alone, nor even for their generation, but for a better world. The earth is young and unfinished, and we are workmen who are helping a little to build it into whatever it will some day become. That it will be beautiful when finished is intimated by the fact that beauty is inherent in Nature, and because we so love beauty that we fill our homes and gardens with it. That it will be a world of good will is indicated by the fact that great masses of mankind eagerly seek such a world, and are convinced of its attainability. We see the goal. Whatever the sacrifice, we will now march on to its achievement."

Coker Team Set New

The 1941 Coker track team won two dual meets and two triangular meets; placed second in the County Meet; placed fourth in the W. P. I. A. L. Relays; and scored 11⅔ points in the W. P. I. A. L. meet at Pitt Stadium.

In the first meet of the season, Connellsville rolled up 110½ points to easily defeat German Township and Georges Township in a triangular meet. German Township was second with 42 points while Georges got only 8½ points.

Uniontown, perennial rival, easily downed the Cokers in a dual meet on a wet field. John Lujack featured for the Cokers and Yarberough of Uniontown showed good form in the mile run.

The Cokers, playing host to the third annual W. P. I. A. L. Relays at Coker Stadium, took down fourth place with 20½ points. Altoona scored 31 points to take first honors. Uniontown finished second with 26 points and Canonsburg was third with 22 markers. New records were set in six events.

Wally Schroyer goes up-and-over the high jump.

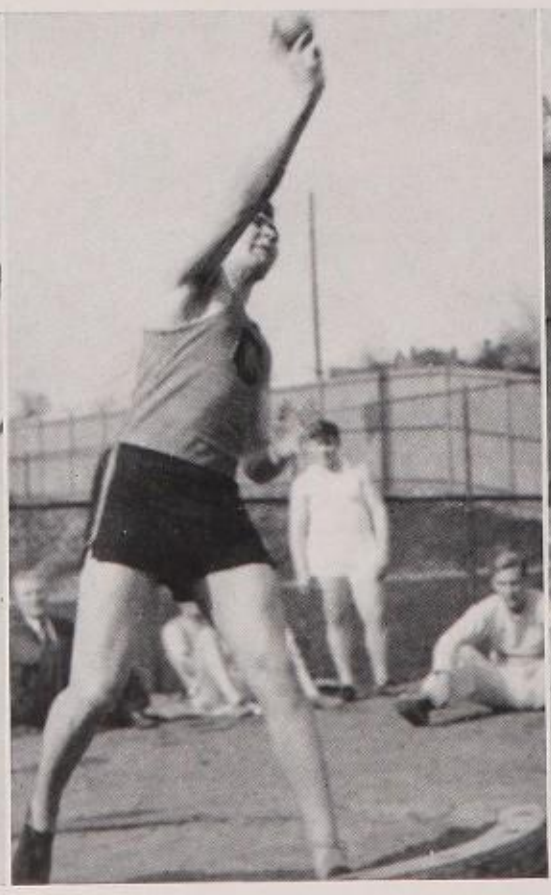
Tom Hook and Jim Rush match stride-for-stride over the high hurdles. Recognize the man to Rush's left in the background?

Bill Coughenour winning the 880-yard run in the Uniontown meet. P.S. There's that man again.

Wally is in the air again. This time it's the pole vault. Whatta man!

John Alt makes a gruesome face as he heaves the shot.

Haven't we seen you somewhere before? Just as I thought, its Wally again. Who's that "he-man" sitting by the fence? Fuzzy Who?



Boys From Winter's Indoor Events

Records In 1941 Track

Washington High was the first school to bow to Connellsville in a dual meet. The Cokers scored 91¾ points to their opponents 35 1/5 points.

The Latrobe High track team succumbed to the Cokers on May 3. Lujack and Sage starred for the Lerewmen as their team scored 81½ points.

In the County meet the Cokers finished second behind Uniontown. The Raiders scored 107½ points and the locals tallied 89½ markers. Uniontown's half-mile relay equaled the record for this event.

The Connellsville tracksters surprised Mt. Lebanon and Canonsburg in a triangular meet by taking top honors with 74 points. Three Stadium records were toppled.

The W. P. I. A. L. meet at Pitt Stadium brought the season to a close. The Cokers scored 11⅔ points to place fourth. Derry Township won the meet.

Charles Bryner pushes the ball over the net in a game in the Junior League of the intramural volleyball tournament.
Bob Feniello and Earnest DeWitt work out on the mats.

All boys have the opportunity in gym and swimming classes to participate in volleyball, basketball, softball, relays, apparatus work, and tumbling, and to learn how to swim as many kinds of strokes as they show aptitude for.

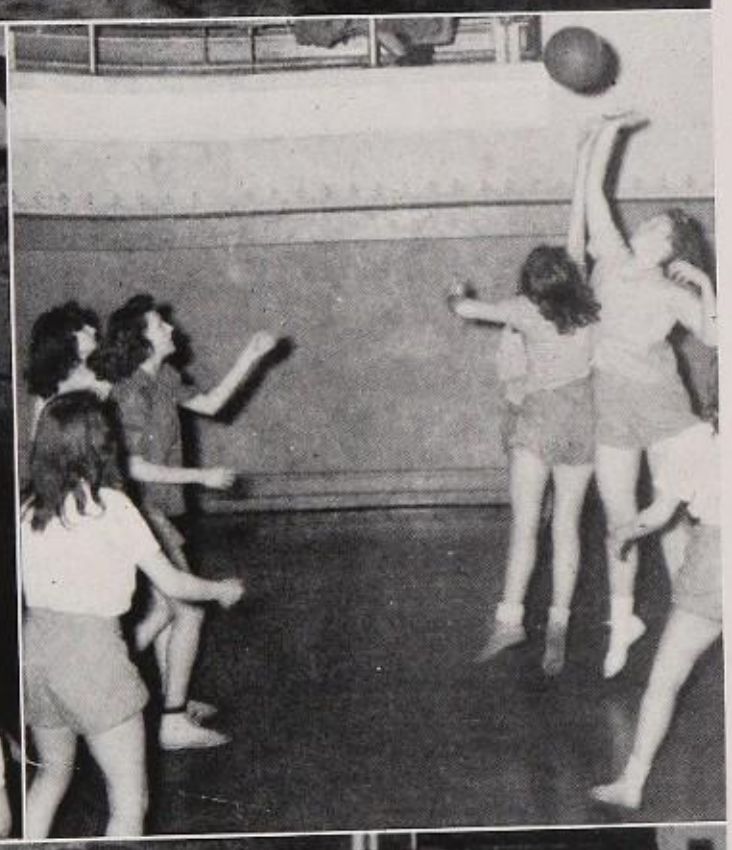
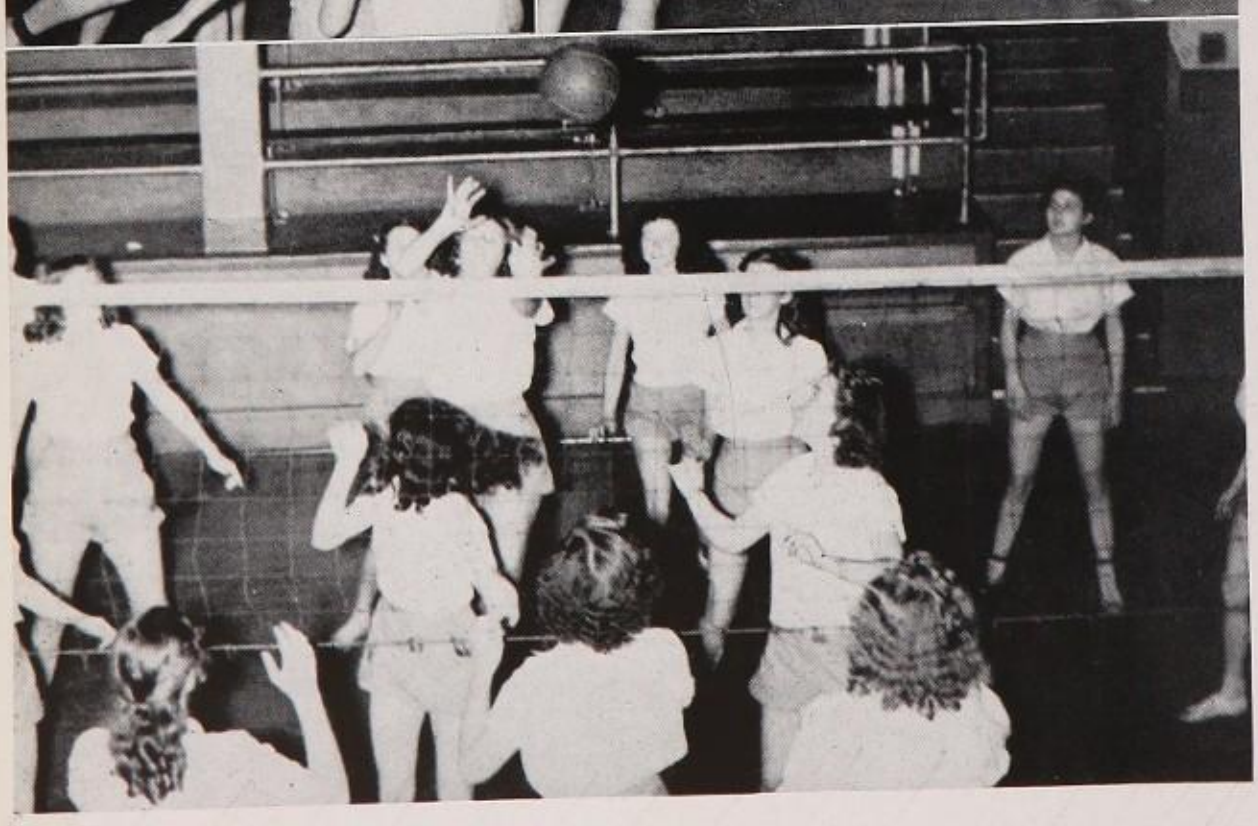
Yale-Princeton Game Climaxed the Year





This year, it was the Bulldogs' game all the way. In the first quarter Princeton was scoreless but, in the second period, finding the basket three times, they came into the competition. A brave Princeton rally in the third quarter kept Yale on their mettle, but at no time was Yale's lead seriously threatened. The final score was Yale 26, Princeton 19.

Another point is about to be made in a lively game of bat ball.

"Honey" Westphal shoots a goal for the Seniors in one of the inter-class games.

"Shorty" hasn't much of a chance when it comes to a jump ball.

Our first girls' volley ball tournament was a great success.

Though we're the babies of this book

To see our genius takes just one look!

Verdant Freshies we shall be
When Fall's bright colors tinge each tree!

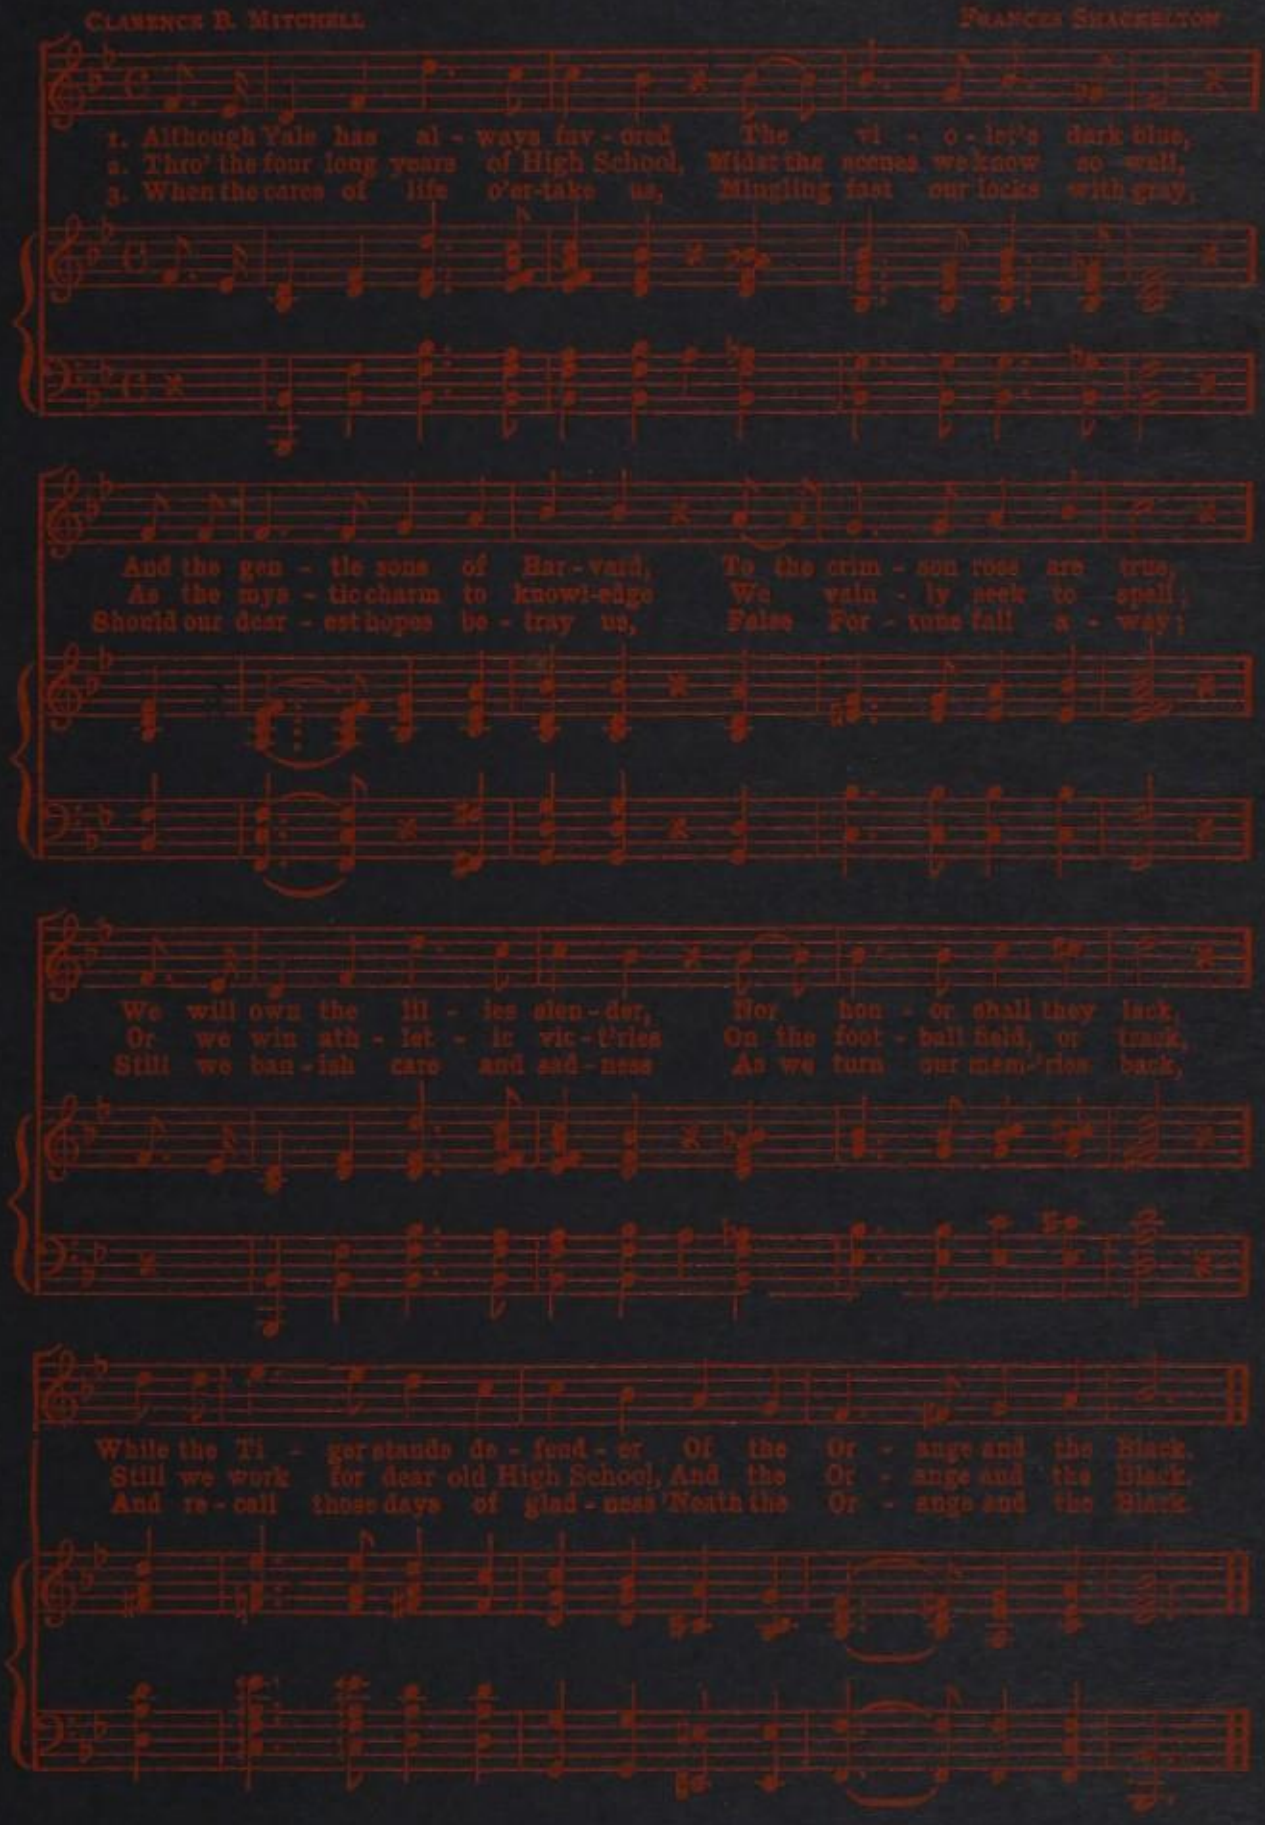
The Orange and the Black



Clarence B. Mitchell
Frances Shackelton
1. Although Yale has al - ways fav - ored The vi - o - let's dark blue,
2. Thro' the four long years of High School, Midst the scenes we know so well,
3. When the cares of life o'er-take us, Mingling fast our locks with gray,
And the gen - tle sons of Har - vard, To the crim - son rose are true,
As the boys - tic charm to knowl-edge We vain - ly seek to spell;
Should our dear - est hopes be - tray us, False For - tune fail a - way;
We will own the lil - ies slen - der, Nor hon - or shall they lack,
Or we win ath - let - ic vic - t'ries On the foot - ball field, or track,
Still we ban - ish care and sad - ness As we turn our mem-'ries back,
While the Ti - ger stands de - fend - er Of the Or - ange and the Black,
Still we work for dear old High School, And the Or - ange and the Black,
And re - call those days of glad - ness 'Neath the Or - ange and the Black.
